

# Evandro Bianquin Machado

## Personal Information:

**Phone Number:** +55 55 99150 8448

**Date of Birth:** February 26 of 1991

**Marital Status:** Single

**E-mail:** evandrobm@gmail.com (or evandrom@inf.ufsm.br)

**Address:** Rua Garibaldi, 595. Apartment 605. Porto Alegre, RS, Brasil, CEP: 90035-051

## Goals:

Work in top class projects with the cutting-edge technologies in development, testing and deploying. I'm focusing my development stack on ReactJS, React Native and NodeJS (with Adonis) and, for the long term, Elixir with Phoenix to cover bigger projects who requires a huge amount of concurrent connections and processing power.

I'm looking for a job who will make being better everyday and that support my personal and professional development and not only pay the salary.

## Education:

**Bachelor Degree in Computer Science:**

Universidade federal de Santa Maria (UFSM)

**Technical Course in Industrial Automation (Incomplete):**

Colégio Técnico Industrial de Santa Maria (CTISM)

\*Completed course, no internship

## Professional Experience:

Perverte

**Type:** Full Time (40h/Week) - **Role:** Full Stack Developer - **Duration:** 1 Year ~ Current

**Key Accomplishments:** World class digital agency, working in back-end with C# in legacy projects, PHP/Laravel in recent projects and starting with NodeJS/Adonis. In the front-end we use Angular, Vue and ReactJS (this one is now the chosen one for

all new projects). Relational databases like MySQL and server management. I'm implementing now tests, containerization with Docker and CI/CD in new projects.

## Raptor

**Type:** Full Time (40h/Week) - **Role:** Full Stack Developer - **Duration:** 2 Year

**Key Accomplishments:** Web development with PHP/Laravel, use of MySQL and PostgreSQL databases. RESTful APIs for communication between web systems and hardware that we develop too. First contact with angular and Vue components. Some legacy work with Python

## Jetimob - CRM Imobiliário
